

Welded T-section tool arm with tool tip support sleeve

for VK Air Seal debarking rotor

The new welded T-section tool arm with tool tip support sleeve is available as a retro-fit product for all Valon Kone Air Seal debarking rotors, despite the manufacturing year of the rotor. Sleeve fastening ensures the tool tip stays firmly in place, offering improved fixing over the original design.

Tool tip support sleeve is available for tool arms in these rotor types:

- 5044, 5056, 5068, 5081, 5092
- 8056, 8068, 8081, 8092
- 9056, 9068, 9081

*) Please note! The tool tip, fastening sleeves and screws are sold as a separate sales kit.

Structure of a complete tool arm:

- Tool arm
- Tool tip *)
- Fastening sleeve, 2 pcs *)
- Fastening screw M12, 2 pcs *)

Replacement of existing products

Tool arm			
Rotor type	EXISTING ITEM CODE	Description	NEW ITEM CODE
5044	G-44-2093	Tool arm, CW, mm	G-44-2093H
5044	G-44-2115	Tool arm, CCW, mm	G-44-2115H
5056, 8056, 9056	G-56-1100	Tool arm, CW, mm	G-56-1100H
5056, 8056, 9056	G-56-1101	Tool arm, CCW, mm	G-56-1101H
5068, 8068, 9068	G-68-1200	Tool arm, CW, mm	G-68-1200H
5068, 8068, 9068	G-68-1201	Tool arm, CCW, mm	G-68-1201H
5081, 8081, 9081	G-81-107460	Tool arm, CW, mm	G-81-107460H
5081, 8081, 9081	G-81-109482	Tool arm, CCW, mm	G-81-109482H
5092, 8092	G-92-1069	Tool arm, CW, mm	G-92-1069H

CW = clockwise rotating rotor / CCW = counterclockwise rotating rotor
